

A. OUARTHY
was a good
classmate.

I am aware of
her **valuable
contributions**
to my journey.

When I attend lectures,
I just **want to listen
and ponder.**
I rarely take notes.

She does.

And.. always shares
them with me so
**I can shot all and feel
comfortable** about
my understanding of
the subject at hand
post-session.

She is also a **great
photographer**, she has
taken many impressive photos **that I admire.**

**She took the pictures
that are now part of this
campus navigator.**

The fourth slide is her creation.

She volunteered that content just here.

As per her wish, I am passing it to you so together
we improve your college experience.
